Rent Interception

The Condominium Act was amended effective July 1, 2010, to allow an Association to demand that a tenant in possession must pay any future monetary obligation related to the unit, i.e., rent, directly to the Association.

Fla. Stat. & 718.166(11)

(II)(a) If the unit is occupied by a tenant and the unit owner is delinquent in paying any monetary obligation due to the association, the association may make written demand that the tenant pay to the association the subsequent rental payments and continue to make such payments until all monetary obligations of the unit owners related to the unit have been paid in full to the association. The tenant must pay the monetary obligations to the association until the association releases the tenant or the tenant discontinues tenancy in the unit. Pursuant to section 718.116 (11), Florida Statutes, the association demands that you pay your rent directly to the condominium association and continue doing so until the association notifies you otherwise.

This is commonly known as "rent interception", and if the tenant fails to comply, the tenant may be subject to eviction. The statute allows the association to demand that the tenant pay to the association the subsequent rental payments and continue to make such payment until all monetary obligations of the unit owner related to the unit have been paid in full to the association." The rent interception statute provides the association a tool to preclude an owner, who is often in foreclosure, from pocketing the rent obligation while shorting the owner's obligation to the association.

As an owner, you understand that 10% of the rental interception amount is collected as a processing fee for the efforts made. Also, you understand that a \$25.00 fee for each notice posted/mailed is also charged to you.

You understand the law that has been stated above and will adhere to such recourse if needed.
